THE SALE OF STATE OF MINNESOTA MAILING LISTS

*Minnesota law requires that names and addresses of
individuals or organizations licensed by the State of Minnesota*

Since 1982, selected mailing lists have been sold by Minnesota's Bookstore (part of the State of Minnesota Department of Administration) through the state's Mailing List Service. Lists are purchased by individuals and companies from across the country.

Because most purchasers of these mailing lists use the information to generate income for themselves or their businesses, the philosophy within the Department of Administration is that these lists should be sold at market value. In this way, the cost of providing the information is passed on to users of the data, not to State of Minnesota taxpayers. Lists are typically purchased to:

- ♦ provide information about continuing education
- ♦ introduce new products
- ♦ market new services
- ♦ recruit new employees
- ♦ solicit charitable contributions
- ♦ conduct research

Funds generated from the sale of mailing lists are used to help operate Minnesota's Bookstore. Minnesota's Bookstore receives no legislative appropriation and operates as a business in a government setting, generating income through the sale of publications, mailing lists, and other products available to the general public.

For individuals who do not wish to have their names included in a mailing list sold for commercial purposes, the Mailing List Service provides an opportunity for names to be removed. Please contact us for more information about this service.

If you have further questions regarding the sale of mailing lists, please do not hesitate to call us at 651.296.0930 or through the Minnesota Relay Service at 711.

We look forward to serving you!

HOW TO ORDER A MAILING LIST

1. Choose a list.

See "Mailing Lists" pages 4-21.

2. Determine selection criteria.

Many people order lists that include only certain counties or ZIP codes. Refer to the maps and other resources on pages 27-31. Other selection criteria such as original license date or license class may also be specified. Check the list description for ideas.

3. Choose a list format.

Diskettes, CDs, mailing labels (either cheshire or pressure-sensitive), and computer printouts are available.

See "Formats, Prices & Delivery" page 25.

4. Get a current list count.

See worksheet page 32.

5. Order.

See order form at the back of this catalog on page 33.

6. Telephone numbers.

Note: Some lists contain telephone numbers as listed.

If you use the numbers to solicit business, you **MUST** get the Do Not Call list from the Department of Commerce.

DIRECTORIES

For some of our customers, directories from Minnesota's Bookstore are an inexpensive alternative to purchasing a customized printout of a certain database. Most directories are published once a year and contain names and addresses. Directories are not produced for every list. Prices and availability subject to change.

SPECIAL SERVICES

Custom Lists

We are happy to customize any list for you. However, lists with more than 13 geographic or other selection criteria will be subject to a minimum programming fee of \$25.00.

Radius Selects

You may select a partial list by choosing a ZIP code and a radius in miles from that ZIP code. There is no extra charge for radius selects.

Random Selects

You may order a certain number of random records from a list, but if you order from that list again, you may receive some of the same records again. There is no extra charge for random selects.

Rush Orders

Orders can be produced and shipped the same day your paid order is received. You will receive your order in 1-2 working days, depending on your location. There is a \$50.00 charge for rush service. The rush fee also applies to same day pick-up orders.

Removal of Duplicates

Certain lists may contain duplicate names or addresses. For example, if a person has registered three different boats, their name and address will appear three times in the Watercraft database. Lists must be CASS certified to remove duplicate addresses. As many duplicate addresses as possible will be moved.

FREQUENTLY ASKED QUESTIONS

DELIVERY TIME

Delivery Method	Time	Fee
E-mail	0-1 days	none
Standard Shipping	7-10 days	none
Rush Shipping	1-2 days	\$50
Standard Pick-up	1-2 days	none
Same-day Pick-up	0 days	\$50

Are the lists 100% accurate?

No, 100% accuracy is impossible due to the ongoing address and license status changes. Mailing lists are updated daily, weekly, monthly, quarterly or annually, depending upon the licensing board or agency. It is a good idea to call and find out when a certain list was last updated.

Where do the names come from?

The names included on each mailing list are acquired from the designated licensing board or agency.

Do I have to purchase the whole list?

No, you may select individual ZIP codes, designate the first three digits of a ZIP code (such as all the 554 ZIP codes), or specify one or more Minnesota counties. Other selection criteria are described after each list. Use the "Customize Your Mailing List" worksheet on page 33 to request a count for a custom list. Please note that lists with more than 13 special selects will be charged a minimum programming fee of \$25.00.

Do I qualify for a discount?

List brokers qualify for a 20 percent discount, but a minimum order of 5,000 names is required to receive this discount. *Charity organizations* registered with the State of Minnesota Attorney General's office qualify for a 30 percent discount with proof of Charity standing.

If I order more than one set of labels, do I receive a discount?

Duplicate sets of labels are half price. There is no limit on the number of duplicate sets you may purchase at the discounted price.

What is the return policy?

All lists are produced according to customer specifications and cannot be returned.

How do I pay for my order?

Prepayment is required on all orders. Checks should be made payable to "State of Minnesota." Orders may also be placed using a major credit card (VISA, MasterCard, American Express or Discover). Orders using a credit card can be placed by phone or fax.

What is the format of the data provided by e-mail?

Lists are provided as ASCII comma-delimited data. Other data formats, such as tab-delimited text, fixed field, or DBF may be available upon request. If a diskette is requested, the data will be provided on an IBM-compatible diskette. Macintosh-compatible diskettes are also available upon request. In addition to the data itself, a DOS text file that shows layout of the data will be provided. The layout file includes the field names, an explanation of each field, and the field length.

Be sure you have appropriate database software to access the data contained on the disk. Disks contain data only, not a database or labeling program.

If I order on by e-mail, can I re-use the list?

There are no restrictions on the number of times you use a list. However, we recommend that you update your data at least once a year.
